

Shree Computer
SCHOOL DIGITAL & IT SUPPORT SERVICES

SHREE COMPUTER

Indore, Madhya Pradesh
Complete IT & Digital Support Partner for Educational Institutions

About Us

About Us Shree Computer is a trusted provider of comprehensive IT solutions and digital support services based in Indore, dedicated to empowering schools, institutions, businesses, and individuals with reliable technology services. With years of hands-on experience in the education and service sector, we specialize in computer lab setup and maintenance, networking infrastructure, CCTV installation, hardware repair, and complete digital system management. Our expertise extends to government and education portals including CBSE Portals, scholarship portals, and institutional digital compliance platforms, ensuring our clients stay updated, efficient, and fully compliant.

We are committed to delivering practical, cost-effective, and result-oriented solutions tailored to each client's needs. From establishing modern computer labs and secure network environments to providing Annual Maintenance Contracts (AMC) and on-demand technical support, our focus is on quality service, quick response, and long-term reliability.

Driven by professionalism, technical expertise, and a client-first approach, Shree Computer has earned the trust of reputed schools and organizations across Indore. Our mission is to simplify technology, strengthen digital infrastructure, and provide dependable support that helps our clients operate smoothly and grow confidently in today's digital world.
